Art Unit: 1616

Claims 1 and 3-22 are pending in this application. Claim 2 has been cancelled.

The previous rejections under 35 USC 112, second paragraph and 35 USC 102(b) are withdrawn.

Applicant's arguments filed 2/28/02 have been fully considered but they are not persuasive. Applicants amended their claims such that the formulation is free of surfactant. Claim 1 is now drawn to an aerosol formulation comprising a medicament, a fluorocarbon propellant and 6-25% of a polar co-solvent.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 3-22 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Schultz (WO 93/11747).

Schultz discloses a suspension aerosol formulation in which the drug is in particulate form (page 5) and the fluorocarbon propellant is HFC 134a or HFC 227 (page 3). Page 5, lines 27-31 teach that the formulation does not need additional components. Page 9 teaches that ethanol can be optionally included to about 20% and the surfactant is also optional. Example 8 discloses a canister containing the pirbuterol acetate, HFC 227 and ethanol at 10% without a surfactant.

No claim is allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
